

Answer Key

MENTAL MATH PUZZLE A

Cut out the strips below. See if you can put the strips in the correct order so that when you read them left to right, top to bottom, they make true math statements. For example, if one strip says "3 less than 10," the next strip below it should start with "7." Good luck!

START	10 more than 42
52	5 more than 8
13	10 more than 0
10	Half of 10
5	3 less than 15
12	7 more than 12
19	10 less than 14
4	FINISH
