

# MENTAL MATH PUZZLE C

Cut out the strips below. See if you can put the strips in the correct order so that when you read them left to right, top to bottom, they make true math statements. For example, if one strip says "3 less than 10," the next strip below it should start with "7." Good luck!

<b>START</b>	10 groups of 4
10	3 multiplied by 5
18	<b>FINISH</b>
6	20 divided by 2
21	14 less than 20
15	16 divided by 4
4	6 more than 12
40	5 more than 16
