

Toy Cars Line Plot

Name Answer Key Date _____

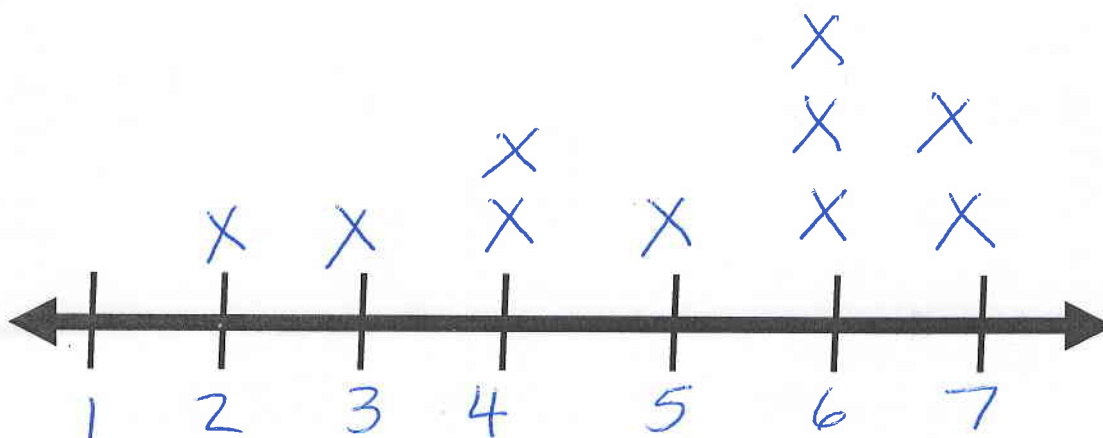

Directions: Create a line plot using the measurement data from the chart.

Josh has 10 toy cars. Below are the lengths of Josh's toy cars.

Josh's Toy Cars	
6 inches	3 inches
6 inches	7 inches
4 inches	5 inches
2 inches	7 inches
4 inches	6 inches

Take the measurement data about Josh's toy cars and create a line plot.

Josh's Toy Cars

1. What does one x stand for? one toy car

2. How many x's did you put on the number 6? 3

3. Why did you put that many x's?
Because three of Josh's toy cars were 6 inches long.
